July 2, 2021

Dear Parents,

I wanted to take a moment to provide an update for the 2021-2022 school year. Based on current guidelines from MDHHS, we are excited to begin the school year with a bit of normalcy. White Pine Academy will begin the school year with masks being optional for staff and students. We will not require or be administering COVID-19 testing for students or staff. Students and staff will be required to quarantine, if they have a known COVID-19 exposure. Contact tracing guidelines are still in place, therefore, all visitors entering the building will be asked to sign in. White Pine Academy will be limiting the number of gatherings in our building during the 2021-2022 school year to ensure that our students and staff have a limited chance of exposure to COVID-19. Visitors must make an appointment or contact the office should they need to meet with staff, administration, or to visit a classroom for any reason. All sanitizing and cleaning precautions will continue. Our number one priority at White Pine Academy is to educate our students in the safest environment possible and we look forward to a positive, more normal school year.

Marianne Dege
Principal
White Pine Academy
